 attention Clyde or Karen

outworks gallery is an artist run centre in the heart of the exchange district featuring studio and exhibition space. outworks formed as a collective of winipeg-based artists sharing ideas and working together in the spirit of collaboration and opportunity.

outworks continues to be realized by the hard work and dedication of several local artists interested in creating a space for emerging artists to make and show art. outworks is run with profits obtained via fundraising activities and funds obtained through regular, membership fees and donations from its founding members. all work in the gallery is done strictly on a volunteer basis.
